#### **News from National FFA Convention**

Shell Lake FFA took 13 members to National FFA Convention which was held in Indianapolis, Indiana October 19-21. There were many wonderful experiences starting with touring a nonprofit wildlife refuge, Utopia. The mission at Utopia is to provide the highest quality care for patients, and to promote professional wildlife education. Students were provided an educational program of a variety of birds and a tour of their facility learning about other Indiana Wildlife animals and what it take manage and operate a wildlife refuge. After the tour we attended the opening session where we listened to the motivational story of Diana Nyad, author and long distance swimmer. On September 2, 2013, at the age of sixty-four, Diana Nyad became the first person to swim from Cuba to Florida without the aid of a shark cage, swimming 111 miles in fifty-three

hours from Havana to Key West. In the 1970s, she became known as the world's greatest long distance swimmer. Throughout all the sessions FFA members learned about the multitude of opportunities. In addition, FFA members were inspired by the National officers retiring addresses. There was also a mega career and technology show for FFA members to gather information on colleges, upcoming technology, FFA chapter events, and much more. Another inspirational event is the National Day of Service program. Our group helped with facility improvement at the Christamore House Family Community Center. The Christamore House, through education, partnerships and accountability, empowers people to be self-sufficient and contributing members to a safe and healthy community. Some other fun was attending the "World's Toughest Rodeo" and touring the downtown iconic sites such as the state capitol and observation tour

that is a Civil War Museum. National Convention is a wonderful experience that provides students with a cultural, motivational, character-building event. This is the highlight of our year. Thanks to all that have supported this program.

#### **Free Smoke Alarms**

The Shell Lake Lions and The Shell Lake Fire Department are teaming up to create WisSafe. The goal is to have all homes in the Shell Lake fire district equipped with working smoke alarms. The American Red Cross furnishes these fire alarms and there is no cost to the homeowner. If you are interested in protecting your family and home, please sign up by filling out a short survey. Application surveys may be picked up from the Shell Lake Bank and Gordy's Market in Shell Lake or go online to Shell Lake Fire Facebook page. Your answers will help us determine who needs smoke alarms.

Remember, the smoke alarms and the installation are free. The order for the smoke alarms will then be submitted and you will be notified for an installation date.
