Primary-Everett Matthys, Selene Johnson, Annabelle Harrington, Mallori Peterson and Logan Smith

3-6-Castin Melton, Cole Peterson, Evan Fisher, Donavan Balts, Austin Lawrence, Logan Ciezki, Dominic Ricci, Cora Deneen, Sebastin Soltis, McKenzie Hill

Keeping kids safe

The safety of our children is one of our top priorities as an educational community. Throughout the year, we conduct fire drills, tornado drills and lock downs, however, there is an equally as large a threat to our children and that is the parking lots at school, in particular, the 3-12 building. Recently, we have had many children dropped off in the main lot and running between busses to either get to school or catch a ride after school. Please remember that students are to be dropped off from the student parking lot near the sidewalk. Doing that allows children to enter school without having to leave the sidewalk. Please help keep our children safe! Mr. Bridenhagen, Superintendent

Music Concerts

On Friday, December 16 at 10:00 a.m. the 4K-2nd grade students will present their holiday concert in the 3-12 school gym. On that same day, the 3-6th grade students will have their holiday concert at 2:00 p.m. in the 3-12 school gym. 'Tis the season!!

Guthrie Theatre

Ms. Everson would like to thank the 9th graders for a wonderful trip to the Guthrie Theater. A special thanks goes out to chaperones. Mrs. Cox, Mrs. Skattebo, Mrs. Lund, Nurse Kelly, and to bus driver, Richelle Hanson. We are also truly grateful to the PTA organization for its generous donation!

FFA Fruit

FFA fruit is arriving on Tuesday, December 13. We are short on storage, therefore, FFA members need to make arrangements to pick up fruit on Tuesday from 3:30 to 6:00 p.m. Community members interested in fruit - there will be extra available. Please stop in on Tuesday at the metal shop which is behind the school. Go along the access road by the baseball field and turn left at the end of the school building. You will see the red metal shop once you turn. Also, feel free to call Mrs. Bos to check on extra fruit.

Science Olympiad

Shell Lake had entered three teams into the 10th Annual Boyceville Science Olympiad Invitational this past Saturday. There were over 90 middle school and high school teams competing from Wisconsin, Minnesota, Illinois, and even North Dakota. Shell Lake competed in the Division 2 (High School) tournament. **The Shell Lake Gold Team did exceptionally well, as they placed 3rd as a team.** There were 28 events and 11 Shell Lake students medaled in one or more of those events! Go Lakers!

Community Open Gym Basketball

New this year, Community Open Gym Basketball will have a new spin! Open Gym basketball is a chance to put a ball in everyone's hand during the winter months. Past years have had two hours of free play with all six baskets open for shooting, skill development, and family play. The schedule will change this year, but not the fun! An opportunity for full and half court pick games will allow a full cardio workout with old-fashioned fun! Co-ed Court Play is a mixed bag of pick up basketball on the court every Sunday afternoon!* Break a sweat, have some fun, and connect with others. No fee to participate and no registration needed. Show up, jump on a team, and play. Depending on attendance, take advantage of full court play or divide up for half court play. Open to adults and students in 7th grade and up. All are welcome to stay after for an hour of Family Open Gym Basketball. Family Open Gym adds all the baskets, including two drop down baskets for the younger kids.

- Co-ed Court Play - Every Sunday* 4:30-5:30 PM. Open to adults and students in 7th grade and up. Supervision provided, gym shoes required. Use the front entrance and sign in at the gym doors.
- Family Open Gym - Every Sunday* 5:30-6:30 PM. Open to everyone! Supervision provided, gym shoes required. Use the front entrance and sign in at the gym doors.
- *Sunday: Dec 11, 18, Jan 8, 15, 22, 29, Feb 5, 12, 19, 26.

National Computer Science Education Week

December 5-9 is National Computer Science Education Week. To celebrate this and promote computer coding in schools, the Shell Lake Middle School math students participated in the International Hour of Code on Tuesday, December 6. Students worked together in pairs to help write lines of computer code to help a monkey get bananas. They needed to incorporate logic, problem solving, geometry, and integers to complete the challenges successfully. There was a lot of laughter, frustration and exuberance as students wrote lines of code, debugged their errors, and found success helping the monkey get the bananas. There are hundreds of

thousands of jobs related to computer science and programming available, so exposure to the skills of this exciting career choice is a great one to offer our Shell Lake students!

Health Class Skills

Our grade 8 health class participated in the HIRED program with Tasha Hagberg from Northwest Wisconsin CEP. HIRED is a fun interactive program to help students with the skills they need to be successful in their 1st job as well as future careers.

Basketball Game FRIDAY!
