### BRIDGES

Mrs. Hanson

Mrs. Skinner

Mrs. Boucher

*Third grade is full of fun and excitement! Some of the exciting things we'll be doing in third grade include following the Iditarod dog sled race, competing in our own Idita-READ, going to the Minneapolis Children's Theater to see a production of The Grinch, exploring Hunt Hill and our school forest, being challenged with Break-Out boxes, doing various simulations and lots of hands-on learning activities!*
