

## Welcome to 4th Grade!

Mrs. Anderson and Mrs. Diers are so excited to meet you and learn with you this year. In fourth grade, you will build off of your third grade skills in multiplication, fractions, and problem solving. You will also learn how to read and write longer passages as well as read, write, and present your own poems.

- Personal Narratives
- The Middle Ages
- Poetry
- Geology
- Contemporary Fiction
- American Revolution
- Treasure Island
- Eureka Student Inventor  
(You take on the role of an inventor on a reality TV show)
- Amplify Science topics include: Energy Conversions, Vision and Light, Earth's Features, and Waves

### **AMPLIFY**

- Multiplicative Thinking
- Multi-Digit Multiplication and Early Division
- Fractions and Decimals
- Addition, Subtraction, and Measurement
- Geometry and Measurement
- Multiplication and Division, Data, and Fractions
- Review and Extend Fractions, Decimals, and Multi-Digit Multiplication

### **BRIDGES**

Mrs. Anderson

Mrs. Diers

*Fourth grade is full of fun and excitement! In fourth grade you will study Wisconsin History and we'll take a trip to Forts Folle Avoine Historical Park to visit a reconstructed fur trading post and Ojibwa village. We'll visit the St. Croix National Scenic Riverway Visitor Center in Trego and go river mucking. Our class will bike the nine miles around beautiful Shell Lake! You will study poetry and create many of your own poems. You will even read one of your poems at our very own Poetry Slam!*

### **HIGHLIGHTS**
